## INTERIM REPORT – NYKREDIT REALKREDIT GROUP 1 JANUARY – 30 SEPTEMBER 2014

## Michael Rasmussen, Group Chief Executive, comments on Nykredit's Q1-Q3 Interim Report 2014

Our core business is developing well and better than expected. We have recorded top-line growth of 11%, costs have declined more than planned, and impairment losses are lower than forecast. The overall effect is that profit before tax, excluding investment port-folio income and swaps, is more than DKK 1bn higher than initially forecast and about DKK 0.6bn higher than our guidance as raised in the Q1 Interim Report 2014.

As the current low interest rate scenario is forecast to be protracted, we have assessed Nykredit's swap contracts more conservatively. This affects the adjustment of interest rate swaps and thus our profit. Accordingly, profit before tax for Q1-Q3/2014 totalled DKK 1,550m against DKK 2,058m for the same period last year.

We have substantial progress on our new strategy. Totalkredit's current mortgage rates are the lowest in the market in almost all product categories, the Totalkredit business continues to grow and so does the number of customers using Nykredit as their every-day bank. And we have only just started. We have a wide variety of initiatives in the pipeline, including new products and services, which we will launch in the coming months.

## The Nykredit Realkredit Group recorded a pre-tax profit of DKK 1,550m

- The Nykredit Realkredit Group recorded a pre-tax profit of DKK 1,550m against DKK 1,361m, excluding reclassification of profit from the sale of strategic equities of DKK 697m, in Q1-Q3/2013.
- Core income from business operations rose by 11% to DKK 8,488m relative to Q1-Q3/2013.
- Operating costs were down 13% to DKK 3,740m on Q1-Q3/2013.
- The cost:income ratio, excluding amortisation of distribution rights in Q1-Q3/2013, was reduced from 50.7% to 44.1%.
- Value adjustment of interest rate swaps totalled a charge of DKK 1,993m, of which DKK 632m was an effect of interest rate falls. Other value adjustment of just below DKK 1.4bn derived from a more conservative assessment of our customers' financial outlook. This should be seen in the context of expectations of continued low growth, inflation and interest rates in Europe.
- Impairment losses on loans and advances dropped by 9% to DKK 1,457m, or 0.12%.
- Profit before tax for 2014, excluding value adjustment of swaps and investment portfolio income, is expected to be DKK 3,250m-3,750m. This level should be seen in the context of a positive development in our core business. This is a rise of approximately DKK 1bn compared with our guidance from the beginning of the year and some DKK 0.6bn compared with our guidance for the full year as raised in our Q1 Interim Report 2014.

## Q1-Q3 INTERIM REPORT 2014

# NYKREDIT REALKREDIT GROUP RESULTS RELATIVE TO Q1-Q3/2013

Nykredit recorded a profit before tax of DKK 1,550m against DKK 1,361m excluding reclassification of profit from the sale of strategic equities of DKK 697m in Q1-Q3/2013.

Nykredit's results reflect a positive development in core income from business operations of 10.6%. Costs declined by 13%, which together with higher core income from business operations helped reduce the cost:income ratio from 55.8% to 44.1%, of which lower amortisation of rights represented a decline of 5.1 percentage points.

Value adjustment of interest rate swaps resulted in a charge of DKK 1,993m against a charge of DKK 569m in 2013. This development was chiefly due to a more conservative valuation of active interest rate swaps.

Investment portfolio income rose from DKK 697m excluding reclassification of profit from the sale of strategic equities to DKK 878m.

Loan impairment losses came to DKK 1,457m compared with DKK 1,604m the year before. The trend reflected lower impairment losses in the banking area.

Nykredit recorded a profit after tax of DKK 1,222m. Equity was DKK 60,152m at end-Q3/2014 after value adjustment of strategic equities.

#### Core earnings

## Core income from business operations

Core income from business operations increased by DKK 810m to DKK 8,488m.

Core income from mortgage lending rose by DKK 781m, or 15.3%, to DKK 5,881m. One of the factors behind the development in core income was administration margin increases implemented in 2013.

Nominal mortgage lending declined by DKK 5.2bn to DKK 1,115bn compared with the beginning of the year. The decline was attributable to the personal customers segment, which saw a fall of DKK 10.4bn, whereas lending to commercial customers rose by DKK 5.2bn.

Core income from banking increased by DKK 35m, or 1.4%, to DKK 2,480m. The increase resulted from Retail and Group Items. Income was adversely affected by lower trading activity in Nykredit Markets.

Bank lending rose by DKK 1.3bn to DKK 48.3bn compared with the beginning of the year. One of the factors prompting the rise was the loan portfolio acquired from FIH. Deposits fell by DKK 4.8bn to DKK 60.4bn compared with the beginning of the year. The fall was attributable to lower deposits with Nykredit Asset Management. Nykredit Bank recorded a deposit surplus of DKK 12.1bn at end-Q3/2014 compared with DKK 18.2bn at the beginning of the year.

## Value adjustment of derivatives

Value adjustments totalled a charge of DKK 1,993m against a charge of DKK 569m in Q1-Q3/2013. Of the charge for the period, losses incurred (terminated contracts) amounted to DKK 64m.

These provisions are made for potential losses. The higher provisions in Q3/2014 reflect a more conservative assessment of our customers' future income and costs. This should be seen in the context of expectations of continued low growth, inflation and interest rates in Europe

as emphasised by the economic indicators seen in the past few months

Losses incurred on interest rate swaps since 2012 amount to some DKK 275m and are expected to remain at a low level compared with the total provisions for the area of DKK 4.1bn. The relatively large provisions are mainly due to the fact that the market values of swap contracts with customers having the lowest ratings have been adjusted to DKK 0. The provisions are thus higher than the expected losses based on probability-weighted loss scenarios.

Value adjustments resulting from interest rate changes had a negative earnings impact of DKK 632m compared with a positive impact of DKK 380m in Q1-Q3/2013. The contracts continue to be active, and higher interest rate levels will result in positive value adjustments. The interest rate exposure comes to about DKK 130m upon a change in long-term swap rates of 0.1 percentage point.

Other value adjustment of interest rate swaps was a charge of DKK 1,361m against a charge of DKK 949m in Q1-Q3/2013. Active contracts are subject to value adjustment if a customer's general financial position implies elevated risk.

## Junior covered bonds

Nykredit's junior covered bond issues totalled DKK 32.5bn at end-Q3/2014 against DKK 44.3bn at the beginning of the year, leading to net interest expenses of DKK 313m against DKK 356m in Q1-Q3/2013. We use junior covered bonds to fund supplementary collateral for covered bonds (SDOs).

## Core income from securities

The risk-free interest rate, which corresponds to the Danish central bank's average lending rate, fell from 0.24% to 0.20%. Core income from securities increased from DKK 89m to DKK 93m due to lower net interest expenses relating to the acquisition of Totalkredit.

# Operating costs, depreciation and amortisation, excluding special value adjustments

Nykredit's costs, excluding special value adjustments, were down by 13% to DKK 3,740m, of which DKK 389m resulted from lower amortisation because the distribution right obtained in connection with Nykredit's acquisition of Totalkredit was fully amortised at end-2013. Costs as a percentage of core income from business operations were down from 55.8% at the beginning of the year to 44.1%.

## Impairment losses on loans and advances

Impairment losses on loans and advances declined by DKK 147m to DKK 1,457m, equal to 0.12% of total mortgage and bank lending.

Nykredit's impairment losses on mortgage lending grew by DKK 63m to DKK 1,338m, equal to 0.12% of lending.

Impairment losses on mortgage lending to personal customers decreased by DKK 205m to DKK 436m, equal to 0.06% of lending.

Group impairment losses on bank lending declined by DKK 210m to DKK 119m. Of impairment losses for the period, DKK 172m, or 1.05% of lending, stemmed from personal customers. Impairment losses on bank lending to commercial customers were a net income of DKK 53m against losses of DKK 314m in the same period the year before.

Nykredit's impairment provisions for potential losses on mortgage and bank lending totalled DKK 8,769m against DKK 8,456m at the begin-

ning of the year. In addition, total provisions for value adjustment of interest rate swaps amounted to DKK 4,130m against DKK 2,229m at the beginning of year.

Losses incurred on mortgage and bank lending for the period were DKK 569m against DKK 459m in 2013. Losses incurred on interest rate swaps came to DKK 64m compared with DKK 122m in the same period the year before.

#### Investment portfolio income

Nykredit's investment portfolio income totalled DKK 878m against DKK 697m, excluding reclassification of profit from the sale of strategic equities, in Q1–Q3/2013.

Investment portfolio income from bonds, liquidity and interest rate instruments amounted to DKK 611m. Investment portfolio income from equities and equity instruments value adjusted through profit or loss was DKK 267m.

Value adjustment of strategic equities against equity was a credit of DKK  $239 \mathrm{m}$ .

Nykredit's securities portfolio mainly consists of short-term, highrated Danish and other European covered bonds and credit bonds.

The interest rate risk associated with the bond portfolio was largely eliminated through offsetting government bond sales or the use of interest rate derivatives.

## Net interest on subordinated debt

Nykredit has raised subordinated debt totalling DKK 11.4bn. Net interest expenses came to DKK 327m.

#### Тах

Tax calculated on profit for the period was DKK 327m, equal to a tax rate of 21.1%

## RESULTS FOR 03/2014

The Group recorded a loss before tax of DKK 169m against a profit of DKK 841m in Q2/2014 and a profit of DKK 878m in Q1/2014.

Compared with Q2/2014, results before tax were down by DKK 1,010m, which can be ascribed to a DKK 1,351m rise in value adjustment of interest rate swaps in Q3/2014.

Compared with Q2/2014, operating costs declined by DKK 115m in line with expectations. Impairment losses on loans and advances dropped by DKK 125m to DKK 408m in Q3/2014 due to a DKK 207m decrease in impairment losses on mortgage lending, whereas impairment losses on bank lending grew by DKK 82m.

Net interest on subordinated debt increased by DKK 22m to DKK 145m in Q3/2014.

## **OUTLOOK FOR 2014**

Growth in core income from business operations, excluding value adjustment of interest rate swaps, surpassed expectations.

Costs, depreciation and amortisation were lower than expected, and loan impairment was also lower than forecast.

The changed valuation of interest rate swaps and interest rate trends have resulted in substantial negative value adjustments.

Accordingly, we have revised our guidance for 2014. We expect that profit before tax for 2014, excluding value adjustment of swaps and investment portfolio income, will be DKK 3,250m-3,750m. This reflects a positive development in our core business, which is expected to grow by approximately DKK 1.0bn compared with our full-year guidance from the beginning of the year and by more than DKK 0.6bn compared with the upward adjustment in the Q1 Interim Report 2014.

## **BUSINESS AREAS**

As at 1 May 2014, Nykredit established a new management and organisational structure with the following business areas:

- Retail, which serves Nykredit's personal customers and SMEs. The business area includes mortgage lending to Nykredit's personal customers arranged via Totalkredit.
- Wholesale, which comprises Totalkredit Partners and Wholesale Clients. Totalkredit Partners arranges the Group's mortgage loans to personal customers via local and regional banks. Wholesale Clients comprises Corporate & Institutional Banking and the business units Nykredit Markets and Nykredit Asset Management.

Further, Group Items comprises income and costs not allocated to the business areas, including core income from securities and investment portfolio income.

Gross income from customer business is allocated to the business areas which have supplied the underlying products (Nykredit Markets and Nykredit Asset Management). Gross income attributable to the sales activities of Retail and Corporate & Institutional Banking is subsequently reallocated in full. Correspondingly, Retail and Corporate & Institutional Banking pay a proportion of the operating costs of Nykredit Markets and Nykredit Asset Management that may be attributed to the sales activities.

Nykredit's core earnings after impairment losses totalled DKK 1,053m against DKK 1,007m in Q1–Q3/2013. The development reflected higher core earnings in Totalkredit Partners due to growing business income and declining amortisation. Higher negative value adjustment of interest rate swaps and higher impairment losses on loans and advances resulted in a downturn in Retail and Wholesale.

Results before tax in Group Items were reduced by declining investment portfolio income.

Nykredit's share of total Danish mortgage lending was 42.5% against 43.0% at the beginning of the year. Nykredit's market share in the private residential segment was 46.5% and in the commercial segment 37.0% against 47.2% and 37.2%, respectively, at the beginning of the year. Totalkredit's market share of private residential lending, exclusive of lending by Jyske Bank, was up from 41.2% at the beginning of the year to 41.6%.

## Core income from business operations

## **RETAIL**

The business area Retail serves personal customers and SMEs, including agricultural customers, small housing cooperatives and private residential rental customers. Retail also includes mortgage lending to Nykredit's personal customers arranged via Totalkredit as well as the activities of Nykredit Mægler A/S.

Nykredit serves its customers through 55 local customer centres and the nationwide sales and advisory centre Nykredit Direkte. The estate agencies of the Nybolig and Estate chains constitute other distribution channels. Nykredit offers insurance in partnership with Gjensidige Forsikring.

The customers of Retail are offered products within banking, mortgage lending, insurance, pension, investment and debt management.

#### **Activities**

Nominal mortgage lending declined by DKK 3.8bn to DKK 442bn compared with the beginning of the year, of which decline DKK 3.2bn stemmed from personal customers. Lending to personal customers and commercial customers was DKK 198bn and DKK 244bn, respectively.

Gross new mortgage lending rose by DKK 3.7bn to DKK 32.8bn compared with the same period the year before, of which DKK 15.5bn to personal customers and DKK 17.3bn to commercial customers.

Bank lending rose by DKK 1.4bn to DKK 24.7bn compared with the beginning of the year. The rise derived from commercial customers. Deposits went up by DKK 1.5bn to DKK 38.3bn. The upturn was attributable to personal customers.

## Results

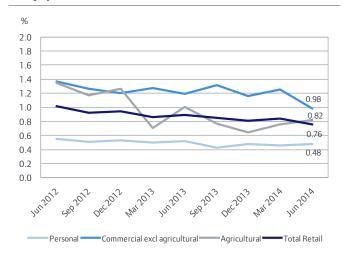

Core earnings after impairment losses came to DKK 67m against DKK 982m in the same period last year. The cause of the adverse development was a larger charge from the value adjustment of interest rate swaps.

Core income from business operations grew by 2.3% on the same period last year to DKK 4,605m in Q1-Q3/2014. Core income from mortgage business improved by DKK 138m due to increased administration margin income, whereas core income from banking activities was down by DKK 21m.

Value adjustment of interest rate swaps was a charge of DKK 1,168m against DKK 118m in Q1-Q3/2013.

Operating costs declined by DKK 69m, or 3%, to DKK 2,211m in Q1-Q3/2014.

# Arrears ratio, mortgage lending 75 days past due

Impairment losses on mortgage lending rose by DKK 112m to DKK 942m, whereas impairment losses on bank lending decreased by DKK 85m. Impairment losses totalled 0.21% of mortgage lending and 0.39% of bank lending.

Impairment losses on mortgage lending to commercial customers increased by a total of DKK 228m relative to the same period last year, whereas impairment losses on bank lending to commercial customers reduced by DKK 242m.

Impairment losses on lending to personal customers were up by DKK 40m as a result of higher impairment losses on bank lending coupled with lower impairment losses on mortgage lending.

At end-Q3/2014, impairment provisions totalled DKK 5,487m against DKK 5,110m at the beginning of the year. The upturn was chiefly prompted by a rise in individual impairment provisions for mortgage lending to commercial customers.

At the June due date, 75-day mortgage loan arrears as a percentage of total mortgage payments due came to 0.76% for Retail against 0.89% at the same time in 2013.

## Core income from business operations - Totalkredit Partners

## **WHOLESALE**

Wholesale comprises the business units Totalkredit Partners and Wholesale Clients. The latter consists of Corporate & Institutional Banking, Nykredit Markets and Nykredit Asset Management.

## **Totalkredit Partners**

Under the Totalkredit brand, Totalkredit Partners provides mortgage loans to personal customers distributed through 65 Danish local and regional banks.

Totalkredit continuously develops its product range in association with the local and regional partner banks, which includes a new secured homeowner loan. The loan allows partner banks to transfer bank loans secured on real estate to Totalkredit, thus funding these loans.

Under the partnership, the local and regional banks receive part of the administration margin income relating to the loans in question as payment for loan distribution. In return, Totalkredit may offset part of any loss incurred on a loan against the distribution commission payable to the partner banks.

Losses incurred corresponding to the cash part of a loan exceeding 60% of the mortgageable value of the property at the time of granting are offset against future commission payments from Totalkredit to its partner banks.

#### **Activities**

Nominal mortgage lending went down by DKK 7.2bn to DKK 487bn compared with the beginning of the year. Loans offered through Jyske Bank amounted to DKK 70bn at end-Q3/2014 against DKK 79bn as at 30 June 2014.

## Results

Core earnings after impairment losses came to DKK 1,280m against DKK 49m in Q1-Q3/2013.

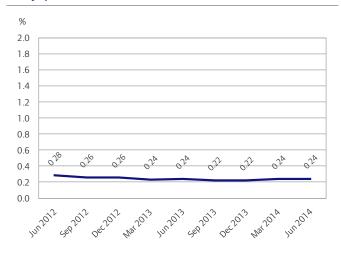

Results mirrored growth in core income from business operations coupled with a decline in impairment losses on loans and advances as well as in depreciation of property, plant and equipment and amortisation of intangible assets.

Core income from business operations rose by 51% to DKK 1,947m in Q1-Q3/2014. This was spurred by higher administration margin income as well as a reduction in distribution commission as a result of Jyske Bank's exit from the Totalkredit partnership. Activity-specific income declined due to lower lending activity.

Net expenses relating to junior covered bonds came to DKK 163m against DKK 221m in Q1-Q3/2013. The reduction was attributable to a lower amount of junior covered bonds as well as slightly declining net interest.

Operating costs declined by DKK 38m, or 12%, to DKK 267m in Q1-Q3/2014.

# Arrears ratio, mortgage lending – Totalkredit Partners 75 days past due

As the distribution right was fully amortised at the beginning of the year, nothing has been recorded under depreciation of property, plant and equipment and amortisation of intangible assets.

Loan impairment losses reduced by DKK 89m to a net charge of DKK 237m compared with the same period in 2013, after set-off against commission payable to partner banks. Loan impairment losses in the period under review were affected by a reversal of collective impairment provisions, while the amount offset against commission payable to partner banks declined from DKK 246m in Q1-Q3/2013 to DKK 194m.

At end-Q3/2014, impairment provisions totalled DKK 1,113m against DKK 1,139m at the beginning of the year. The change in total impairment provisions stemmed from a decline in collective impairment provisions.

At the June due date, 75-day mortgage loan arrears as a percentage of total mortgage payments due were unchanged at 0.24% relative to the same date in 2013.

## Core income from business operations

## **Wholesale Clients**

The business area Wholesale Clients comprises activities with Nykredit's corporate and institutional clients, the non-profit housing segment, large housing cooperatives and mortgage lending to commercial customers for properties abroad. Wholesale Clients also handles Nykredit's activities within securities and financial derivatives trading, and asset and wealth management. Wholesale Clients consists of Corporate & Institutional Banking, Nykredit Markets and Nykredit Asset Management as well as the activities of Nykredit Leasing A/S.

#### Results

Core earnings after impairment losses came to DKK 283m against DKK 511m in Q1-Q3/2013.

The development mirrored growth in business operations in Corporate & Institutional Banking, somewhat lower activity in Nykredit Markets and higher negative value adjustment of derivatives (interest rate swaps).

Gross income from customer activities was DKK 2,334m compared with DKK 2,333m in O1-O3/2013.

Nykredit Markets posted gross income of DKK 458m, a DKK 59m decrease on Q1-Q3/2013. Earnings reflected a low activity level in the fixed income market in particular in Q1-Q3/2014. Nykredit Asset Management's gross income grew by DKK 8m to DKK 596m. Corporate & Institutional Banking recorded a DKK 52m income rise to DKK 1.280m.

Nykredit Markets' income after payment for distribution dropped by DKK 76m to DKK 249m in Q1-Q3/2014. Nykredit Asset Management's income after payment for distribution amounted to DKK 241m, the same level as last year. Corporate & Institutional Banking recorded a DKK 82m income rise to DKK 1,426m.

Value adjustment of derivatives, chiefly interest rate swaps, was a charge of DKK 825m against DKK 451m in Q1-Q3/2013.

Operating costs declined by DKK 41m, or 6%, to DKK 638m in Q1–Q3/2014.

Impairment losses on mortgage lending rose by DKK 39m to DKK 148m relative to Q1-Q3/2013.

Impairment losses on bank lending decreased to DKK 4m, down DKK 140m. Impairment losses included provisions for guarantees amounting to DKK 6m against DKK 80m in Q1-Q3/2013.

Impairment losses represented 0.08% of mortgage lending and an income of 0.01% of bank lending.

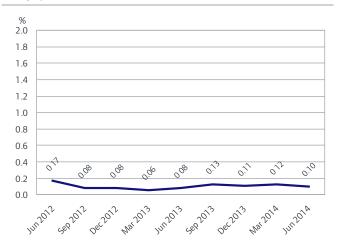

At end-Q3/2014, impairment provisions totalled DKK 1,992m against DKK 2,044m at the beginning of the year. The DKK 52m decline in total impairment provisions stemmed from a drop in individual impairment provisions.

## Arrears ratio, mortgage lending 75 days past due

## **Activities**

Total nominal mortgage lending went up by DKK 5.8bn to DKK 186bn relative to the beginning of the year. Gross new mortgage lending was DKK 20.8bn, in line with the same period last year.

Bank lending of DKK 23.6bn was unchanged on the beginning of the year. Bank deposits dropped by DKK 5.6bn to DKK 21.6bn.

At end-Q3/2014, Nykredit Asset Management had assets under management totalling DKK 122bn, up DKK 5.5bn on the beginning of the year. Total assets under administration went up by DKK 44.3bn to DKK 643bn at end-Q3/2014.

## Arrears

At the June due date, 75-day mortgage loan arrears as a percentage of total mortgage payments due came to 0.10% and thus remained at a low level

## **GROUP ITEMS**

A number of income statement and balance sheet items are not allocated to the business areas. Such items are carried under Group Items and include costs of some staff functions and IT development costs. Group Items also includes Nykredit's total return on the securities portfolio, which is the sum of "Core income from securities" and "Investment portfolio income". The activities of the companies Nykredit Ejendomme A/S and Ejendomsselskabet Kalvebod A/S are also part of Group Items.

## Results

A loss before tax of DKK 80m was recorded against a profit of DKK 516m in the same period the year before. This development was prompted by profit from the sale of strategic equities of DKK 697m recognised as income in Q1-Q3/2013 relative to acquisition cost in accordance with Nykredit's accounting policies.

## Core income from securities

Nykredit's core income from securities was DKK 93m against DKK 89m in Q1-Q3/2013. This development resulted from a larger investment portfolio and lower net interest expenses relating to the acquisition of Totalkredit, whereas the development in the risk-free interest rate had a negative impact on core income from securities.

The risk-free interest rate, which corresponds to the Danish central bank's average lending rate, fell from 0.24% to 0.20%.

Core income from securities equals the return the Group could have obtained by placing its investment portfolios at the risk-free interest rate. Core income from securities also includes net interest expenses relating to Tier 2 capital and the acquisition of Totalkredit.

## **Operating costs**

Unallocated costs were DKK 467m against DKK 445m in Q1-Q3/2013. By far the largest cost component was IT development costs

Special value adjustments came to a net charge of DKK 25m, principally due to adjustment of the provisions for restructuring costs as a result of "Nykredit 2015".

## Impairment losses

Impairment losses on loans and advances amounted to DKK 15m.

## Investment portfolio income

Investment portfolio income came to DKK 878m against DKK 697m excluding reclassification of value adjustment following the sale of strategic equities in Q1–Q3/2013.

Investment portfolio income from bonds, liquidity and interest rate instruments came to DKK 611m. Investment portfolio income from equities and equity instruments value adjusted through profit or loss was DKK 267m.

Investment portfolio income is the income exceeding risk-free interest obtained from investing in equities, bonds and derivative financial instruments. To this should be added the realisation of equities classified as available for sale. Price spreads and interest margins relating to the mortgage lending of Nykredit Realkredit and Totalkredit and the trading activities of Nykredit Markets are included not as investment portfolio income, but as core income from business operations.

## OWN FUNDS, LIQUIDITY AND FUNDING

# EQUITY AND OWN FUNDS OF NYKREDIT REALKREDIT GROUP

## **Equity**

Nykredit's equity was DKK 60.2bn at end-Q3/2014, equal to a rise of nearly DKK 1.4bn relative to the beginning of the year. The rise consisted of profit for the period of DKK 1.2bn and a credit from the value adjustment of strategic equities of DKK 0.2bn.

In accordance with IAS 39, Nykredit has classified the Group's strategic equity investments as "available for sale" in its Consolidated Financial Statements. Current value adjustment of these equities is recognised in equity, whereas value adjustments following a sale will be reclassified from equity to the income statement. The value of equities classified as available for sale totalled DKK 2,016m at end-Q3/2014.

Own funds and capital adequacy are specified further in note 2.

Note: "01.01.2014" shows pro forma figures on capital and capital adequacy taking into account the new capital adequacy rules effective from 1 January 2014.

## Capital and capital adequacy

Nykredit's own funds include Common Equity Tier 1 (CET1) capital, Additional Tier 1 capital and Tier 2 capital after deductions. In Q2/2014, Nykredit raised Tier 2 capital totalling EUR 600m to comfortably meet the new capital requirements.

Own funds came to DKK 68.6bn, and the risk exposure amount (REA) (previously risk-weighted assets (RWA)) was up DKK 14bn to DKK 360bn at end-Q3/2014, corresponding to a total capital ratio of 19.0%. In September 2014, Nykredit redeemed Additional Tier 1 capital of DKK 500m. The Additional Tier 1 capital included in the determination of capital amounted to DKK 6.8bn at end-Q3/2014. The Tier 1 capital ratio was 17.5%, and the CET1 capital ratio was 15.6% at end-Q3/2014.

Nykredit's internal capital adequacy requirement was determined at 11.2%. The determination takes into account approximately DKK 35bn resulting from the changed calculation method for REA following the statutory implementation of advanced IRB models for the lending of Nykredit Bank.

In June 2014 Nykredit was designated as a systemically important financial institution (SIFI) by the Danish FSA. As a result, Nykredit will have to meet a specific SIFI buffer requirement for CET1 capital. The requirement will be introduced gradually in 2015-2019. The requirement is expected to be 2% and will be announced in the autumn of 2014.

<sup>&</sup>lt;sup>1</sup> Capital adequacy is determined subject to a transitional rule in accordance with the transitional provisions of the CRR. REA must constitute at least 80% of the risk-weighted assets determined under Basel I. At end-Q3/2014, REA subject to the transitional rules amounted to DKK 50.0bn, equal to a total capital ratio of 13.9%.

## Nykredit Realkredit Group Capital targets for 2019

## **NYKREDIT'S CAPITAL TARGETS FOR 2019**

Nykredit's capital targets for 2019 are an equity level of DKK 65bn at the current business volumes and, in the longer term, a growth and regulatory capital buffer of 1-3% of the risk exposure amount (REA). In addition, Nykredit has a total capital ratio target of up to 20% of REA in a normal economic climate.

## New legislation on non-voting shares

The Danish parliament passed new legislation in April 2014 under which Nykredit may issue non-voting shares. Nykredit has no current plans to exercise this option.

## **FUNDING AND LIQUIDITY**

Nykredit's mortgage lending is funded through the issuance of covered bonds (SDOs and ROs). In addition, the Group may provide statutory supplementary collateral by issuing junior covered bonds.

Bank lending is chiefly funded by deposits. As at 30 September 2014, Nykredit Bank had a deposit surplus of DKK 12.1bn measured as the difference between deposits and lending at amortised cost. At end-2013, the deposit surplus came to DKK 18.2bn.

Nykredit's liquidity is determined as the portfolios of highly liquid bonds and cash and is funded by deposits, junior covered bonds, senior debt (EMTNs and ECP), subordinated debt and equity.

## Liquidity

The balance sheet structure of the mortgage banks ensures a high level of liquidity as mortgage borrowers make their payments on or before the date on which Nykredit pays bondholders.

The liquidity position is to ensure that Nykredit has a sizeable buffer for cash flows driven by customer flows, loan arrears, current costs and

maturing capital market funding. In addition, the liquidity position ensures the Group's compliance with regulatory liquidity requirements.

Nykredit's liquid assets are mainly liquid Danish and other European government and covered bonds. In a liquid repo market, these securities are eligible as collateral with other banks and with the Danish or other European central banks and are directly exchangeable into liquidity. To this should be added a small portfolio of money market deposits, equities, credit bonds and similar assets.

The unencumbered proportion of the liquid assets of the Group's mortgage banks, including proceeds from issued junior covered bonds, totalled DKK 93.0bn at end-Q3/2014 against DKK 98bn at the beginning of the year.

At end-Q3/2014, Nykredit Bank's liquid assets totalled DKK 79.7bn against DKK 85.3bn at end-2013, determined in accordance with section 152 of the Danish Financial Business Act.

## Liquidity Coverage Ratio (LCR)

As of 2015 Nykredit will be subject to the new international regulatory framework regarding the Liquidity Coverage Ratio (LCR). The LCR requirement is to ensure that the stock of liquid assets is sufficient for meeting all payment obligations 30 days ahead without access to market funding.

It is Nykredit's expectation that covered bonds, except for self-issued bonds, will be eligible for inclusion in the stock of liquid assets. Nykredit also expects that some payment obligations relating to match-funded mortgage lending will be exempted from the LCR rules.

The LCRs of the Group's companies (excluding self-issued bonds) were as follows at end-Q3/2014:

Nykredit Realkredit Group 176% Nykredit's mortgage banks 1,094% Nykredit Bank A/S 105%

The Group and the individual group companies all comply with the requirement of an LCR above 100%.

## Issuance in 2014

The Nykredit Realkredit Group has not made any changes to its schedule for issuance of SDOs, ROs and junior covered bonds or Nykredit Bank's EMTN and ECP programmes for 2014 compared with the information provided in the Annual Report 2013.

In Q2/2014, Nykredit raised subordinate loan capital of EUR 600m (DKK 4.5bn) in the form of Tier 2 capital.

## **CREDIT RATINGS**

Nykredit's ratings have not changed since the 2013 Annual Report.

Nykredit Realkredit A/S and Nykredit Bank A/S each have a long-term unsecured rating of A+ and a short-term unsecured rating of A-1 with Standard & Poor's. The rating outlooks are negative. In rated capital centres, SDOs and ROs are all rated AAA by S&P. The rating outlooks are stable. All issued junior covered bonds are rated A+.

Nykredit Realkredit A/S and Nykredit Bank A/S each have a longterm unsecured rating of A and a short-term unsecured rating of F1 with Fitch Ratings. The rating outlooks are stable.

Moody's is still publishing a number of ratings of companies of the Nykredit Group on an unsolicited basis.

#### **OTHER**

# Nykredit and Totalkredit launched a new product, and a new price structure at end-August

The Danish mortgage system is founded on investors having confidence in the system in any situation. This makes for the lowest possible loan rates for Danish homeowners in the long term. In recent years, credit rating agencies and regulators in Denmark and the EU have pointed out that the large annual bond sales should be reduced so as best to secure the sale of bonds. Remortgaging from ARMs with 1-year or 2-year interest rate reset (F1-F2 loans) to other loan types will contribute to meeting the requirements of credit rating agencies and regulators, including the coming supervisory diamond.

At the end of August, Nykredit and Totalkredit launched a new, variable-rate loan, "F-kort", with interest rate reset every six months. F-kort is linked to the Cita rate, but is funded by bonds with longer maturities. The new product is expected to be more attractive to our customers than the F1-F2 loans, which are also based on a short-term variable interest rate.

As at 1 January 2015, Totalkredit will introduce a new price structure, which implies higher administration margin rates on interest-only loans as well as on F1-F2 loans.

There are no changes to the administration margins on fixed-rate loans, ARMs with 3- to 10-year interest rate reset (F3-F10 loans) or capped floating-rate repayment loans (RenteMax). The administration margin on the new, variable-rate loan will be fixed in line with those of F3-F10 loans.

Furthermore, Totalkredit and Nykredit will increase the price spreads on F1-F2 loans to 0.30 point. The price spread on F3-F10 loans and other variable-rate loans will be raised to 0.20 point. The new price spreads will apply to loans subject to refinancing and interest rate reset as at 1 January 2015 or later.

Following these adjustments, Totalkredit and Nykredit will remain highly competitive in the market. Currently, Totalkredit's administration margins on new loans are the least expensive in the market where most loan types are concerned.

Totalkredit and Nykredit offer personal customers who are affected by these price rises a discount of up to DKK 5,000 if they want to switch loan types, thereby avoiding the price rise partially or completely. The discount is offered until 31 December 2015 inclusive.

## Nykredit designated a systemically important financial institution

In line with expectations, the Danish FSA designated Nykredit Realkredit as a systemically important financial institution (SIFI) in

June. As a SIFI, Nykredit will be more closely monitored by the Danish FSA, and the capital requirement (SIFI buffer) will be increased to an expected 2%. The SIFI buffer requirement will be announced by the Danish Ministry of Business and Growth during the autumn of 2014.

## Nykredit accepts Danish Supreme Court decision

The Danish Supreme Court made a decision in the case about Nykredit's administration margins in June. In its decision, the Court established that Nykredit Realkredit A/S continues to be bound by the administration margin undertaking imposed by the Danish competition authorities on Nykredit Realkredit A/S in connection with Nykredit's acquisition of Totalkredit in 2003. As a result, Nykredit Realkredit A/S may only raise its administration margins for personal customers to market level subject to prior approval by the Danish competition authorities. The administration margins on mortgage loans raised with Nykredit Realkredit A/S before 1 April 2012 therefore remain unchanged.

Since 1 April 2012, all new lending to personal customers with the Nykredit Group has been granted via Totalkredit. This practice will continue unchanged.

# Corporate loan portfolio from FIH Erhvervsbank A/S strengthens Nykredit Bank's position

Nykredit Bank and FIH Erhvervsbank agreed in June that Nykredit Bank would take over 24 large corporate accounts with credit exposures totalling approximately DKK 4bn, comprising lending of around DKK 1.9bn, guarantees and credit commitments of around DKK 1.6bn and financial instruments of DKK 0.5bn.

The agreement adds a number of large corporate customers to Nykredit Bank's customer base and underpins Nykredit's strategy to strengthen its position as a corporate bank.

The portfolio was taken over in September 2014.

## Jyske Bank's exit from Totalkredit partnership

Jyske Bank is considered to have exited the partnership as from mid-March 2014.

In June Jyske Bank instituted arbitration proceedings to determine the final terms for its exit from the Totalkredit partnership. In March Jyske Bank had referred customers to Totalkredit corresponding to lending of DKK 82bn. As at 30 September 2014, the amount was DKK 70bn.

Customers' loans or terms and conditions will not be affected by the changed relationship. Going forward, Totalkredit will offer advisory services to these customers and handle any loan losses as well as loss risk. As from mid-March, no distribution commission has been paid to Jyske Bank in accordance with existing agreements.

Totalkredit still expects that Jyske Bank will encourage the refinancing of the majority of the loans into loans granted directly by Jyske Bank or one of the group's companies, and it is expected that about 10% of the loans will be prepaid per quarter to this end.

For the full year 2014, the net impact of revised contractual terms, including an estimated additional decline in the loan portfolio and loan prepayments, is estimated to increase the results of Totalkredit and Nykredit by a total of some DKK 200m, which is more than initially expected.

## Stronger customer focus after Nykredit reorganisation

As part of the "Nykredit 2015" plan, we changed our management and organisational structure in spring to sharpen our business strategic focus and raise profitability through a strong customer focus with new

customer concepts, increased earnings, efficiencies and a less complex organisation. Another important focus area is to strengthen and reinvigorate the business relationship with the 65 Danish local and regional banks of the Totalkredit partnership.

Income is to grow by DKK 1bn, and costs are to be reduced by DKK 0.5bn with full effect from 2016. As part of the cost reductions and to raise the efficiency of decision-making processes, it was necessary to reduce the number of management and staff positions by up to 300, mainly in non-customer facing functions. The new organisation was implemented on 1 May 2014.

## Nykredit Group part of EU-wide AQR and stress test

In Q1-Q3/2014, the Nykredit Group participated in the EU-wide Asset Quality Review and stress test.

As stated in a report from the Danish FSA and Nykredit's press release dated 26 October 2014, the review prompted a few accounting adjustments. The most significant adjustments, totalling DKK 330m, were already recognised in the financial statements for H1/2014. The adjustments partially reflect a change in methodology from probability-weighted impairment to 100% impairment of the unsecured part of asset finance exposures.

Further, the Danish FSA has ordered Nykredit to make a DKK 45m impairment charge on an owner-occupied property included in the financial statements for Q1-Q3/2014. In addition, the impairment level has increased, and most of this increase has also been charged to the income statement in O3/2014.

Reference is made to the press releases, which are available at nykredit.com.

## **Changes to the Group Executive Board**

As at 1 October 2014, Anders Jensen was appointed Group Managing Director with responsibility for Retail. Anders Jensen was formerly CEO of Nordea Bank Danmark.

Nykredit's Group Executive Board now consists of Michael Rasmussen, Group Chief Executive, Kim Duus, Group Managing Director (Wholesale), Søren Holm, Group Managing Director (CFO/CRO), Anders Jensen, Group Managing Director (Retail), and Bente Overgaard, Group Managing Director (COO).

Karsten Knudsen, Group Managing Director, and Per Ladegaard, Group Managing Director, withdrew from the Group Executive Board when they retired at end-August.

# UNCERTAINTY AS TO RECOGNITION AND MEASUREMENT

The measurement of certain assets and liabilities is based on accounting estimates made by Group Management.

The areas in which assumptions and estimates significant to the financial statements have been made include provisions for loan and receivable impairment, unlisted financial instruments and other provisions, see the Annual Report 2013.

Uncertainty as to recognition and measurement is described in detail in the Group's accounting policies (note 1 of the Annual Report 2013), to which reference is made.

# EVENTS OCCURRED AFTER THE END OF THE FINANCIAL PERIOD

## **Nykredit joins BEC**

Nykredit and BEC – Bankernes EDB Central – agreed on 9 October that Nykredit Bank would become a member of BEC.

Nykredit Bank has been BEC's largest customer for quite some time and will increasingly use BEC's banking platform to offer core bank services to its personal and commercial customers, which will reduce Nykredit's development costs.

As a BEC member, Nykredit will actively participate in and contribute to the joint development of BEC solutions.

BEC membership also enables Nykredit to focus more on IT development within mortgage lending and housing advisory services.

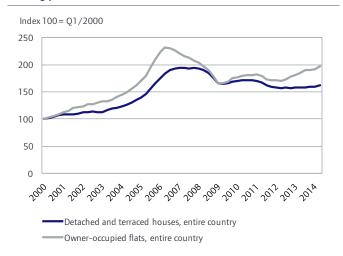

Therefore the membership is a natural extension of Nykredit's strategic objective of strengthening and developing the alliance with Totalkredit's many partner banks.

As a BEC member, Nykredit will work to ensure that BEC takes part in the consolidation of the sector infrastructure to the advantage of both banks and their customers.

No other significant events have occurred in the period up to the presentation of the Q1-Q3 Interim Report 2014 which affect the financial position of the Nykredit Group.

## LENDING

## Nykredit Realkredit Group Housing prices in Denmark

Source: Association of Danish Mortgage Banks

The Group reported total mortgage and bank lending, excluding reverse lending, of DKK 1,163bn against DKK 1,167bn at the beginning of the year.

Mortgage lending at fair value was DKK 1,144bn against DKK 1,137bn at the beginning of the year. Nominal mortgage lending amounted to DKK 1.115bn.

Bank lending totalled DKK 48.3bn against DKK 47.0bn at the beginning of the year, up DKK 1.3bn. The level mirrored the takeover of the FIH portfolio as well as modest loan demand. Reverse lending amounted to DKK 40.1bn against DKK 56.8bn at the beginning of the year.

Impairment provisions for mortgage and bank lending totalled DKK 8.7bn compared with DKK 8.4bn at the beginning of the year. At end-Q3/2014, Nykredit had made impairment provisions for receivables from credit institutions of DKK 44m.

At end-Q3/2014, guarantees came to DKK 6.5bn against DKK 6.3bn at the beginning of the year.

Losses incurred totalled DKK 1,129m in Q1-Q3/2014, of which DKK 738m represented mortgage lending and DKK 391m bank lending.

<sup>&</sup>lt;sup>1</sup> Loan impairment excluding receivables from credit institutions, reverse transactions and guarantees. Note: Nominal mortgage lending. Adjusted for intercompany lending and intercompany set-off.

## MORTGAGE LENDING

Credit exposures in terms of nominal mortgage lending amounted to DKK 1,115bn at end-Q3/2014 against DKK 1,120bn at the beginning of the year.

The security behind the mortgage loan portfolio is robust. Also, mortgage loans granted via Totalkredit are covered by set-off agreements, which means that Totalkredit may offset part of the losses incurred on mortgage loans against future commission payments to the partner banks.

The LTV ratios of the mortgage loan portfolio are shown in the table below with individual loans relative to estimated values of the individual properties at end-Q3/2014.

## Total provisions for mortgage loan impairment

Total impairment provisions for mortgage lending rose by DKK 568m from the beginning of the year to DKK 4,946m at end-Q3/2014. Of this increase, DKK 494m was related to private residential rental property, including housing cooperatives, and DKK 108m to agricultural property.

Private residential property accounted for DKK 2,185m and commercial property DKK 2,761m of impairment provisions at end-Q3/2014.

Total impairment provisions amounted to 0.44% of total mortgage lending against 0.39% at the beginning of the year.

## **Earnings impact**

Impairment losses on mortgage lending for the period were DKK 1,327m against DKK 1,266m in Q1-Q3/2013. Of total impairment losses on loans and advances for the period, DKK 588m, or 44%, was attributable to the private residential rental segment (including housing cooperatives) and DKK 422m, or 32%, to the private residential segment.

To this should be added impairment losses on credit institutions total-ling DKK 11m in Q1-Q3/2014 compared with DKK 10m in Q1-O3/2013.

## Nykredit Realkredit Group Mortgage debt outstanding relative to estimated property values

			LTV	(loan-to-value)				LTV
DKKm/%	0-40	40-60	60-80	80-90	90-100	>100	Total	average, %
Private residential	395,094	157,541	104,604	20,268	8,982	8,163	694,652	75
Private residential rental	73,399	27,267	16,412	2,526	1,228	1,380	122,212	71
Industry and trades	19,507	4,484	1,098	220	85	88	25,483	53
Office and retail	80,879	26,026	6,047	917	516	665	115,050	59
Agricultural property	71,474	18,913	7,296	1,203	576	667	100,128	59

Other	13,337	3,096	1,289	79	39	166	18,006	56
Total, end-Q3/2014	653,689	237,329	136,747	25,212	11,426	11,128	1,145,123	69
Total, end-2013	656,393	234,719	132,155	25,063	11,416	10,536	1,137,843	68

<sup>&</sup>lt;sup>1</sup> Determined as the top part of the debt outstanding relative to estimated property values.

Note: The figures are actual LTV ratios including any financed costs. Public authority guarantees reduce the credit risk relating to subsidised housing that forms part of lending to the non-profit housing segment. For this reason, LTVs of non-profit housing offer no relevant risk data.

In the table, debt outstanding is distributed continuously by LTV category. Loans with security covering for example between 0% and 60% of the mortgageable value are distributed with two thirds of the debt outstanding in the LTV range 0-40% and one third in the LTV range 40-60%.

## Nykredit Realkredit Group Arrears ratio – 75 days past due

	Arrears relative to total mortgage payments	Debt outstanding affected by arrears of total debt outstanding	Debt outstanding affected by arrears
Due dates	%	%	DKKbn
2014			
-June	0.41	0.43	4.8
- March	0.46	0.47	5.2
2013			
- December	0.43	0.50	5.6
- September	0.47	0.46	5.2
- June	0.46	0.50	5.6
- March	0.47	0.46	5.1

## Nykredit Realkredit Group Arrears ratio, mortgage lending – 75 days past the June due date

## Nykredit Realkredit Group Acquired properties

## Arrears

At the June due date, mortgage loan arrears as a percentage of total mortgage payments due was 0.41% against 0.46% at the same date in 2013.

Correspondingly, the Group's bond debt outstanding affected by arrears as a percentage of the total bond debt outstanding decreased from 0.50% to 0.43% compared with the same date the year before.

## Acquired properties

In Q1-Q3/2014, the Group acquired 281 properties and sold 344. At end-Q3/2014, the property portfolio stood at 259 against 322 at the beginning of the year, of which 147 were private residential properties

## **BANK LENDING**

Loans, advances and guarantees were DKK 94.9bn against DKK 110.1bn at the beginning of the year, down DKK 15.2bn. The decline chiefly stemmed from reverse lending, which fell back by DKK 16.7bn to DKK 40.1bn.

Bank lending amounted to DKK 48.3bn against DKK 47.0bn at the beginning of the year. The level mirrored the takeover of the portfolio from FIH as well as modest loan demand. Bank lending before provisions for loan impairment was DKK 52.0bn against DKK 50.9bn at the beginning of the year.

Nykredit Bank recorded lending growth of 2.6%, excluding reverse lending, determined pursuant to the rules of the Danish FSA, including rules relating to the FSA Supervisory Diamond model.

## Total provisions for bank loan impairment

Provisions for bank loan impairment totalled DKK 3,707m against DKK 3,974m at the beginning of the year.

Impairment provisions for receivables from credit institutions came to DKK 23m at end-Q3/2014 compared with DKK 19m at end-Q3/2013.

## Guarantees

The Bank issues guarantees on a current basis. Guarantees issued were DKK 6.5bn, which was unchanged on the beginning of the year.

At end-Q3/2014, provisions for guarantees amounted to DKK 116m against DKK 103m at the beginning of the year.

## **Earnings impact**

For the period under review, loan impairment losses came to DKK 102m and provisions for guarantees DKK 13m – a total charge of DKK 115m. By comparison, loan impairment losses and provisions for guarantees were DKK 310m in Q1-Q3/2013.

To this should be added impairment losses on credit institutions total-ling DKK 4m in Q1-Q3/2014 compared with DKK 19m in Q1-O3/2013.

## MANAGEMENT STATEMENT

# STATEMENT BY THE BOARD OF DIRECTORS AND THE EXECUTIVE BOARD ON THE INTERIM REPORT

The Board of Directors and the Executive Board have today reviewed and approved the Interim Report for the period 1 January – 30 September 2014 of Nykredit Realkredit A/S and the Nykredit Realkredit Group.

The Consolidated Financial Statements have been presented in accordance with IAS 34 "Interim Financial Reporting" as adopted by the EU. The Interim Financial Statements of the Parent Company have been prepared in accordance with the Danish Financial Business Act and the Danish Executive Order on Financial Reports for Credit Institutions and Investment Firms, etc.

Copenhagen, 6 November 2014

Furthermore, the Interim Report has been prepared in accordance with additional Danish disclosure requirements for interim reports of issuers of listed bonds.

We are of the opinion that the Interim Financial Statements give a fair presentation of the Group's and the Parent Company's assets, liabilities, equity and financial position at 30 September 2014 and of the results of the Group's and the Parent Company's activities as well as the Group's cash flows for the financial period 1 January – 30 September 2014.

We are furthermore of the opinion that the Management's Review gives a fair review of the development in the operations and financial circumstances of the Group and the Parent Company as well as a description of the material risk and uncertainty factors which may affect the Group and the Parent Company.

The Interim Report has not been audited or reviewed

## **Notes**

#### 1. ACCOUNTING POLICIES

#### **GENERAL**

The Consolidated Financial Statements for Q1–Q3/2014 are prepared in accordance with IAS 34 "Interim Financial Reporting" as adopted by the EU and further Danish financial reporting and disclosure requirements for interim reports. Compliance with IAS 34 implies observance of the principles of recognition and measurement of the IFRS but also a less detailed presentation relative to the annual report.

The Interim Financial Statements for Q1–Q3/2014 of the Parent Company are prepared in accordance with the Executive Order on Financial Reports for Credit Institutions and Investment Firms, etc. (the Danish Executive Order on the Presentation of Financial Statements) issued by the Danish Financial Supervisory Authority (FSA).

# New and amended standards, interpretations and reporting provisions

Reporting standards and interpretations in force as at 1 January 2014 have been implemented with no effect on results, comprehensive income, balance sheet or equity for the period.

Compared with the information disclosed in the accounting policies of the Annual Report 2013 (note 1), no new reporting standards or interpretations have been issued or approved which influence the Q1–Q3 Interim Report 2014 of Nykredit Realkredit A/S and the Nykredit Realkredit Group.

The revised standard – IFRS 9 – which will replace the current IAS 39 rules on classification and measurement of financial assets and liabilities as well as impairment, was issued in July 2014 but the standard has not yet been approved by the EU. The new rules are expected to enter into force on 1 January 2018. We are assessing the impact on the Financial Statements of the Parent Company and the Consolidated Financial Statements, but as the standard has recently been issued, a thorough analysis of the impact is not yet available.

Due to the new provisions of the Danish Executive Order on Presentation of Financial Statements, the Interim Report includes information about the revenue and staff numbers of Nykredit Realkredit's branches and subsidiaries abroad.

## Change in the presentation of business areas

The presentation of the Group's business areas has been adjusted to reflect the organisational changes implemented in Q1-Q3/2014.

The primary change was the transfer of Nykredit Leasing A/S and the business unit Private Banking from Retail to Wholesale. Also, business activities with partner banks carried out by the business unit Bank Distribution have been transferred from Group Items, Treasury, to Wholesale Clients.

Income and costs relating to Nykredit Leasing A/S that can be attributed to Retail activities are allocated to Retail.

In Q1–Q3/2014 the most significant effect of the organisational changes was the allocation of profit before tax of around DKK 64m from Retail to Wholesale Clients.

The changes do not affect Nykredit Realkredit's or the Nykredit Realkredit Group's results, comprehensive income, balance sheet or equity.

Comparative figures have been restated. Please refer to note 4 of this report.

The accounting policies are otherwise unchanged compared with the Annual Report 2013. For a full description of the Group's and the Parent Company's accounting policies, please refer to note 1 of the Annual Report 2013, which is available at nykredit.com/reports.

All figures in the Interim Report are rounded to the nearest million kroner (DKK). The totals stated are calculated on the basis of actual figures. Due to the rounding-off, the sum of individual figures and the stated totals may differ slightly.

- customer activities, gross	4,187	1,947	2,334	21	8,488
- allocation of income for distribution	418	-	(418)	-	-
Total business operations	4,605	1,947	1,916	21	8,488
- value adjustment of derivatives	(1,168)	_	(825)	-	(1,993)
- junior covered bonds	(99)	(163)	(13)	(39)	(313)
- securities	-	-	-	93	93
Total core income	3,338	1,784	1,078	75	6,276
Operating costs	2,211	267	638	493	3,609
Depreciation, amortisation and impairment losses for property,					
plant and equipment as well as intangible assets	7	0	4	145	156
Core earnings before impairment losses	1,119	1,517	436	(562)	2,511
Impairment losses on loans and advances	1,053	237	153	15	1,457
Core earnings after impairment losses	67	1,280	283	(577)	1,053
Investment portfolio income <sup>1</sup>	-	-	-	878	878
Profit before cost of capital	67	1,280	283	301	1,931
Net interest on subordinated debt	-	-	-	(382)	(382)
Profit (loss) before tax	67	1,280	283	(80)	1,550

The most significant change resulting from the reorganisation was a negative earnings impact of DKK 64m in Retail and a positive earnings impact of DKK 64m in Wholesale Clients.

Q1-Q3/2013	Retail	Totalkredit Partners	Wholesale Clients	Group Items	Total
Core income from	Netali	raitheis	Cileits	itellis	Total
- customer activities, gross	4,012	1,289	2,403	(26)	7,678
- allocation of income for distribution	4,012	1,203	(489)	(20)	7,076
		1 200		-	7 670
Total business operations	4,501	1,289	1,914	(26)	7,678
- value adjustment of derivatives	(118)	-	(451)	-	(569)
- junior covered bonds	(89)	(221)	(14)	(31)	(356)
- securities	-	-	-	89	89
Total core income	4,294	1,069	1,448	32	6,843
Operating costs	2,280	305	679	391	3,654
Depreciation, amortisation and impairment losses for property,					
plant and equipment as well as intangible assets	7	390	5	176	577
Core earnings before impairment losses	2,008	374	765	(536)	2,611
Impairment losses on loans and advances	1,026	326	253	(1)	1,604
Core earnings after impairment losses	982	49	511	(535)	1,007
Investment portfolio income <sup>1</sup>	-	-	-	1,394	1,394
Profit before cost of capital	982	49	511	859	2,401
Net interest on subordinated debt	-	-	-	(343)	(343)
Profit before tax	982	49	511	516	2,058

As a result of the reorganisation, comparative figures have been restated, thus increasing Retail and Wholesale Clients profit by DKK 7m and DKK 26m, respectively, while reducing Totalkredit Partners and Group Items profit/loss by DKK 8m and DKK 25m, respectively. Core income was particularly affected by a transfer of about DKK 123m from Retail to Wholesale Clients.

Operating costs were down DKK 79m in Retail and DKK 10m in Group Items, whereas Wholesale Clients recorded an increase of DKK 89m. Impairment losses in Retail dropped DKK 12m, which was allocated to Wholesale Clients.

<sup>&</sup>lt;sup>1</sup> Investment portfolio income includes a profit from investments in associates of DKK 6m against DKK 22m in Q1-Q3/2013.

<sup>&</sup>quot;Other liabilities" under "Other commitments" comprises obligations to and charges in favour of securities depositaries, investment commitments to private equity funds and non-callable lease payments.

#### Other contingent liabilities

Owing to its size and business scope, the Nykredit Realkredit Group is continuously involved in legal proceedings and litigation. The cases are reviewed regularly, and necessary provisions are made based on an assessment of the risk of loss. Pending cases are not expected to have a significant effect on the Nykredit Realkredit Group's financial position.

Nykredit Bank A/S participates in the mandatory Danish deposit guarantee scheme, the Danish Guarantee Fund for Depositors and Investors. Participating banks must pay a fixed annual amount of 2.5% of the covered net deposits. Payment to the Fund's bank department is mandatory until the assets of the scheme exceed 1% of the covered net deposits of the sector. The bank department bears any direct losses from the winding-up of Danish banks, cf Bank Rescue Packages III and IV, to the extent the loss is attributable to the covered net deposits.

Any losses arising from the final winding-up are covered by the Guarantee Fund for Depositors and Investors through its winding-up and restructuring department. Nykredit Bank's share of the expense will amount to about 3%.

Nykredit Realkredit A/S has issued a letter of comfort stating that Nykredit Realkredit A/S will contribute capital to Nykredit Bank A/S to ensure that Nykredit Bank A/S's Tier 1 capital calculated according to the Basel II rules does not fall below 12-13%. However, Nykredit Realkredit A/S will not contribute capital to Nykredit Bank A/S if that will bring Nykredit Realkredit A/S's total capital ratio below the statutory capital requirement plus 0.5% or the internal capital adequacy requirement (ICAAP) plus 0.5%.

As mentioned in the Management's Review, Jyske Bank has instituted arbitration proceedings against Totalkredit. The background being that Jyske Bank disagrees with Totalkredit's stance that Jyske Bank exited the Totalkredit partnership when it acquired BRFkredit.

At 30 September 2014, Jyske Bank had referred customers to Totalkredit corresponding to lending of DKK 70bn. In compliance with the partnership agreement, Totalkredit has paid commission to Jyske Bank and offset losses incurred on the customer portfolio on a current basis.

As from mid-March, Totalkredit considered Jyske Bank to have exited the partnership and consequently ceased its current payments to the bank. Net payments would have come to DKK 147m had Jyske Bank not exited the partnership.

Totalkredit still expects that the arbitration tribunal will find in its favour.

The Company is jointly taxed in Denmark with Foreningen Nykredit as the administration company. Pursuant to the Danish Corporation Tax Act, the Company is liable for income taxes etc payable by the jointly taxed companies as of the financial year 2013 and for any obligations to withhold tax at source on the interest, royalties or dividends of these companies as of 1 July 2012.

# **Notes**

#### 26. RELATED PARTY TRANSACTIONS AND BALANCES

Foreningen Nykredit, the Parent Company Nykredit Holding A/S, group enterprises and associates of Nykredit Realkredit A/S as stated in the group structure as well as Nykredit Realkredit A/S's Board of Directors, Executive Board and related parties thereof are regarded as related parties.

No unusual related party transactions occurred in Q1-Q3/2014.

The companies have entered into various agreements as a natural part of the Group's day-to-day operations. The agreements typically involve financing, provision of guarantees, sales commission, tasks relating to IT support and IT development projects, payroll and staff administration as well as other administrative tasks. Intercompany trade in goods and services took place on an arm's length or a cost reimbursement basis.

Significant related party transactions prevailing/entered into in Q1-Q3/2014 include:

#### Agreements between Nykredit Realkredit A/S and Totalkredit A/S

Nykredit Realkredit A/S has granted a loan to Totalkredit A/S serving as collateral in Totalkredit's capital centres. At 30 September 2014, the loan amounted to DKK 20 3hp

An agreement has been made to hedge market risk relating to collateral, including investments, in Totalkredit's capital centres.

An agreement has been made on the distribution of mortgage loans to personal customers via Totalkredit A/S (this agreement was concluded on the same terms as apply to other partners, including commission payments).

Transferred from Listed prices and Observable inputs			2,006	
Fair value, end of period, financial assets			3,643	
Friends baringing of going disposint lighting			100	
Fair value, beginning of period, financial liabilities			166	
Unrealised capital gains and losses recognised in "Value adjustments" in the income statement  Fair value, end of period, financial liabilities			76 <b>242</b>	
ran value, end of period, financial habilities			242	

Transfers from Observable inputs to Unobservable inputs consist of interest rate swaps adjusted for increased credit risk based on a CVA model (DKK 1,823m) and of four untraded bonds (DKK 183m) for which measurement is subject to significant elements of unobservable inputs.

# Notes

Nykredit Realkredit Group

#### 27. FAIR VALUE HIERARCHY FOR FINANCIAL INSTRUMENTS (continued)

#### Listed prices

The Group's assets and liabilities at fair value are to the widest extent possible recognised at listed prices or prices quoted in an active market or authorised market place.

#### Observable inputs

When an instrument is not traded in an active market, measurement is based on observable inputs and the use of generally accepted calculation methods as well as valuation and estimation techniques such as discounted cash flows and option models.

Observable inputs are typically yield curves, volatilities and market prices of similar instruments which are usually obtained through ordinary providers such as Reuters, Bloomberg and market makers. If the fair value is based on transactions in similar instruments, measurement is exclusively based on transactions at arm's length. Reverse lending and repo transactions as well as unlisted derivatives generally belong in this category.

Measurement techniques are generally applied to measure derivatives and unlisted assets and liabilities.

In some cases, the markets, eg the bond market, have become inactive and illiquid. When assessing market transactions, it may therefore be difficult to conclude whether the transactions were executed at arm's length or were forced sales. If measurement is based on recent transactions, the transaction price is compared with a price based on relevant yield curves and discounting techniques.

#### **Unobservable inputs**

When it is not possible to measure financial instruments at fair value based on prices in active markets or observable inputs, measurement is based on own assumptions and extrapolations etc. Where possible and appropriate, measurement is based on actual transactions adjusted for differences in eg the liquidity, credit spreads and maturities of the instruments. The Group's unlisted equities are generally classified under this heading although measurement is based on the IPEV Valuation Guidelines.

Positive market values of a number of interest rate swaps with customers in Nykredit Bank's lowest rating categories have been adjusted for increased credit risk based on a CVA model. The model uses the statistical data applied by Nykredit Bank to calculate collective impairment provisions for loans and advances at amortised cost.

Measurement, notably of instruments classified as unobservable inputs, is subject to some uncertainty. Of total assets and liabilities, DKK 3,643m and DKK 242m, respectively, can be ascribed to this category. Assuming that actual transaction prices will deviate by +/- 10% from the calculated fair value, the earnings impact will be approximately DKK 389m.

<sup>&</sup>lt;sup>1</sup> Financial ratios are based on the Danish FSA's definitions and guidelines. As a result, the calculation of financial ratios is based on profit (loss) for the period including value and other adjustment of strategic equities. Definitions appear from note 51 in the Annual Report 2013.
